## PUSHING CONSTRUCTION WORK ON STRUCTURE

Contractors Busily Engaged on Bridge at Geneva

CONCRETE FOUNDATION  
Much Gravel and Sand is Needed—New Railroad Line Through to Buckhannon

Work is being pushed rapidly on the new railroad bridge now being erected at Geneva across the Monongahela river. The bridge is the one that will be used in the construction of a through line to Buckhannon, W. Va., a part of which the Buckhannon and Northern are completing. Two large dams have been constructed and the work of building the piers is well under way.

Much sand and gravel is being used in the construction of the piers, which will be largely of concrete. These piers will be made very formidable and the entire bridge will be most thoroughly constructed. Most of the sand and gravel is being shipped from the Allegheny river by way of river and an average of 15 flat loads is made a week. Tuesday the Steamer turn was sent up with eight flat loads making the return trip to Pittsburgh Wednesday night. This boat is being obtained by Capt. Frank Gilmore. The fore part of this week the Iron Works Sand company sent up eight flat loads.

Before the piers are finished it will take 50 or 60 loads of sand and gravel. The contractors have purchased the right to Hazel Watson from Capt. William Cyphers and with Capt. Frank Gilmore as master have put into service a carry men to and from Rices Landing and for the use of the foremen and timekeepers.

As has been previously stated when the Monongahela Railroad which is a branch line owned jointly by the Pennsylvania E. and the Pennsylvania systems was finished to Martin, at the State and the Buckhannon and Northern joined it there will be a line through to Buckhannon and over the old and Coke road to Charleston, W. Va. This route will become one of the most direct to the West Virginia capital and will give a much desired link for a route both north and south.

## IRL IS KIDNAPED FROM THE STREETS

Sensation was created in Monongahela Wednesday by the alleged kidnapping of Rosa Virni, the 14-year-old daughter of Mr. and Mrs. August Virni. It is said the girl was seized from the street by two men, forced into a buggy and driven rapidly away. The police and the State constabulary are searching for the girl and her abductors. It is believed that the girl was abducted by an agent of the K. K. Hand society and is being held for ransom.

## REPUBLICAN RALLY IS HELD AT DONORA

Flattering Reception Given Candidates--Voters Show Appreciation of the Ticket

Donora furnished the largest and most enthusiastic reception of any of the towns yet visited by the Republican spellbinders in their county campaign at the rally held in the steel town last evening. The voters of that town are giving unanimous support to Dr. A. V. Lewis, Republican candidate for prothonotary and the voters there greeted most enthusiastically the campaigning party of candidates from the time of their arrival until their departure.

Crowds thronged the streets and backed the Republican headquarters in the early part of the evening, and the Grand Theatre, where the speaking was held, was packed. Dr. W. H. Cowan was chairman of the meeting and addresses were made by R. E. Koehler, postmaster of Donora, Coroner J. T. Heffran, Hon. Geo. W. Allen of the Eleventh Legislative district of Allegheny county, Major J. P. McKee of Pittsburgh, Dr. C. B. Wood of Monongahela and Prothonotary H. F. Ward.

The sensation of the evening was when Dr. Lewis was called upon to speak to his neighbors. He was given an ovation, which lasted several minutes before quiet was restored.

## SUGGESTS NAME BE PUBLISHED

Reply is Made to Arguments of "Citizen" and "Christian"

To the Editor of the Charleroi Mail:

Sir—In answer to the articles in your paper during the past week that have come up since the trouble on our street, I would ask the writers if they are afraid to put their names before the public? Here is one signed "Citizen" who gives us the law. "I will say that the law is all right, but are they lived up to, and are our borough officers doing their duty? I say not. As a citizen I myself have at times tried to help our officers in the discharge of their duty, and I know of others that have gone to the chief and told him where some of the dens of our town are, and the nights they are open, and the reply would be, 'I cannot do anything.'"

I have seen our police stand and look on where gambling was going on. They could not see that, but if you were a poor person and they were after your dog tax they would see a small dog on your back porch. Now, Mr. Citizen, just one charge. Here is a man arrested for running a gambling place and pleaded guilty. What did they do with him? Nothing. Does it not look to you as though they were upholding the dens of our town?

Now, Mr. Christian, you say, will they now confess? If I had anything to confess to I would gladly do so. I say again I am not guilty, and there are some of the others the same—not guilty to the charge that was made against them, while some are, and I say that the guilty should be punished. If the same would take place again and the high-handed police would go about their duty in the same way, I would say the same as I did on that day. As I have said before I am always ready to do anything for the betterment of our town.

Mr. Editor, I am going to use your paper for any mud throwing contest, but will meet any of them face to face, so let them come any time, as I will be glad to meet anyone that wants to take up the case and say the officers are doing their duty.

Mr. Voter, I again ask you to think before Tuesday, November 7, and let us have men that will treat the rich and poor alike when it comes to doing their duty.

Respectfully,  
Jas. Gelder.

Charleroi, Nov. 3, 1911.

## CALIFORNIA MAN SHOT IN THROAT

A. F. Stephens, a California news-dealer, was accidentally shot and seriously injured while hunting with Dr. J. W. Farquhar and Bert Humphries Thursday. The doctor fired at a rabbit which had been started up and the charge struck Stephens in the shoulders and neck, some of the shot penetrating his throat. He was hurried to a hospital in Pittsburgh. It is not believed his injuries will be fatal.

Will Make Address.

## COURT TO CONVENE

District Attorney Acheson Prepares to End Term

Next Monday the grand jury convenes at Washington for the November term of the county court. It will probably adjourn over Tuesday for election. There are over 200 criminal cases on the docket, including three murders. This is District Attorney Acheson's last term, and he will make an effort to clean up the docket. It is expected that a number of the cases will be disposed of without coming to trial by pleas of guilty and being ignored by the grand jury.

The trial of cases will begin on Monday, November 13 and criminal court is expected to last two weeks. The common pleas court will begin after the criminal court is completed on November 27.

It is possible that the three murder cases will be among the first to come up for trial. One of these is Stewart Palmer, brought back from South Carolina, where he had fled after shooting and killing Hilda A. Pearce and Ressey Hicks, at Hackett following a drunken fight. Other homicide cases to go before the grand jury are Garfield Barnett charged with stabbing to death William Berry at Monongahela on September 24, Clement Dargosh, charged with having killed Ladislaw Platakes, near Riverview on the night of October 7, 1911.

## FOOTBALL GOES THROUGH WINDOW

To the startled gaze of passersby the view of a broken window at the First National bank this morning indicated grim deeds of night work. A daring burglary was instantly suggested. But nothing of the kind was possible. Thursday afternoon late some boys with a football and lots of enthusiasm in the exuberance of youth propelled the ball accidentally through the glass. The window was a big one and had on it some expensive gold lettering.

Then the building and an adjoining structure burned down, entailing a loss of about \$4,000.

## FUSIONISTS TO HOLD MEETING

Fusionists are anticipating a big rally here on Saturday evening when they will concentrate their forces on this section. As a result, so it is claimed, there are going to be some hot times around over the county about next Tuesday.

Saturday night the chief orator for the fusionists here will be Robert K. Aiken of New Castle, who is a speaker of more than ordinary ability. Then State Senator J. Carter Judson of Washington, T. B. H. Brownlee and Rufus Marriner also of Washington, will add to the gaiety of the occasion by stump speeches. The rally will be held on the corner of Fallowfield avenue and Fifth street.

It is possible that the three murder cases will be among the first to come up for trial. One of these is Stewart Palmer, brought back from South Carolina, where he had fled after shooting and killing Hilda A. Pearce and Ressey Hicks, at Hackett following a drunken fight. Other homicide cases to go before the grand jury are Garfield Barnett charged with stabbing to death William Berry at Monongahela on September 21, Clement Dargosh, charged with having killed Ladislaw Platak, near Riverview on the night of October 7, 1911.

## FOOTBALL GOES THROUGH WINDOW

To the startled gaze of passersby the view of a broken window at the First National bank this morning indicated grim deeds of night work. A daring burglary was instantly suggested. But nothing of the kind was possible. Thursday afternoon late some boys with a football and lots of enthusiasm in the exuberance of youth propelled the ball accidentally through the glass. The window was a big one and had on it some expensive gold lettering.

### School Board Takes Up New Business at the Regular Meeting

### A TEACHER EMPLOYED

Supervisor of Penmanship Engaged—Is Departure From Old Methods

Reports of the condition of the schools and of school financial affairs were read at the meeting of the school board Thursday evening. At the same time a departure from old methods of teaching penmanship was taken in the employment of a penmanship teacher. It being the regular monthly business meeting a number of bills were ordered paid.

Prof. Bennett, of Pittsburgh was engaged as supervisor of penmanship. Prof. Bennett it is stated is a well known penmanship instructor and one who has had considerable experience in the kind of work that will be required of him here. He is to visit the local schools two days out of a month when he will instruct and make plans for the penmanship work in the various rooms.

Prof. James G. Pentz, superintendent of schools submitted his report for the second month of school which ended the latter part of October. According to his report there is a total enrollment of 1,964 pupils, 1,839 of which are in the grades and the balance in High School. The per cent of attendance is 97 in the grades and 98 in High School for the first two months.

One feature of Prof. Pentz's report was in the number of non-resident pupils. There is a total of 67 persons from out of town attending school here, 48 of which are in High School. Another feature was the number of pupils perfect in attendance. In the grades there is a total of 1,166 perfect in attendance and in High School 77.

Tax Collector J. W. Mathias submitted his report. In school taxes he placed in the treasurer's hands for 1909 taxes \$11.82, for 1910 taxes, \$212.11 and for 1911 \$24,682.85. In building taxes he placed in the treasurer's hands for 1909 taxes \$5.91, for 1910, \$106.65 and for 1911, \$12,356.64.

## A TWO-EDGED SWORD.

It is an old maxim that revenge is a two edged sword that eventually cuts the wielder as deeply as the one against whom it is wielded. Nothing is more certain than the retribution that inevitably falls upon the person or persons who defy the well-established moral ethics and seek to pervert the moral law to do unto others that which they would not like to have done unto them. The law of compensation invariably seeks a level and the evening up process is one that is far beyond the will of mortals to control.

This is evidenced onevery hand every day. From the primal offender who uses brute force to satisfy a personal grievance to the most complex and highly organized attempt to overthrow the moral law, the effect is the same. It may be a long time in working out, and the result may not be wholly recognized as proceeding from the real cause, but it comes at last. The mills of the gods may grind slowly, but they grind exceedingly small, and the grist is far reaching.

The citizen who uses his elective franchise for purposes of revenge is simply forging the fetters about his own neck. To vote and work against a candidate or set of candidates for no other reason than to settle or satisfy a grievance is simply sowing the wind which must inevitably result in reaping the whirlwind. The person who is out for revenge in addition to wasting his resources and energies is simply arraying against himself silent forces which will in time accumulate and overwhelm him—usually in a manner that is wholly unforeseen, the blow of which falls all the harder because it is unexpected. This is the natural as well as divine law and is as remorseless as time.

## STREET WASTE BASKETS

The movement started in the public schools by Superintendent J. G. Pentz to educate the children to keep the streets and public places clean by not throwing waste paper and litter there, and to agitate at home for the placing of waste baskets at the street corners, will at once bear fruit if council will but step into the breach. It would not be a great expense to install waste baskets at the most prominent corners of the down town business streets, and the result would more than repay the effort.

If baskets were provided on the streets for the reception of waste materials most people would utilize them, and thus in time would not only keep the streets looking cleaner, but would effect a saving in the work of cleaning. All up-to-date cities and towns now provide waste baskets, which are manufactured for that purpose. This is one of the small efforts in civic advancement that ultimately lead to greater ones, and Superintendent Pentz's endeavors to instill into the minds of the school children the habit of public neatness and orderliness is a most beneficent public work.

## PICKED UP IN PASSING

"Some peculiar things come up in the insurance business," remarked J. K. Brumbaugh, one of the prominent life insurance men of the valley. "A number of years ago a prominent life insurance company would not place insurance in a new community unless a class of twenty would enter. In a small community where I lived a number of citizens wanted to take life insurance, and set about to organize a class. They had hard work to get the requisite number and to fill in the company accepted an old man, who on account of his age, being near 70, was at first rejected. "He was finally accepted, however, and the strange part of it was that the old fellow outlived the other 19 members of the class. He was in reasonably good health at 90 years of age when the others were all dead."

"Your story in the 'Picked Up in Passing' column of the Methodist minister's experience in preaching the same sermon three times in one day reminds me of another," said George S. Micht. "I attended church one morning when a young fellow and the minister invited me to drive with him to another church, where he preached in the afternoon. I accepted and the minister preached the same sermon he had delivered in the morning. Coming back I said:

"Mr. Garner, you remind me of the Westerner who on visiting New York thought to take advantage of the occasion to hear some of the celebrated divines preach. So on Sunday morning he went to Plymouth church over in Brooklyn to hear Henry Ward Beecher. It so happened that Mr. Beecher was absent, and his pulpit was filled by a traveling evangelist, who preached from the text, 'And behold, Simon's wife's mother lay sick of a fever.'"

"Somewhat disappointed the Westerner went to Rev. DeWitt Talmage's tabernacle in the afternoon, and strange to say the pulpit was filled by the same evangelist who again preached from the text, 'And behold, Simon's wife's mother lay sick with a fever.' Not wholly disheartened the visitor repaired to Rev. Dr. Chapin's church to hear that celebrated divine in the evening, but when the ubiquitous evangelist arose in the pulpit and announced, 'And behold, Simon's wife's mother lay sick of a fever,' the Westerner fled.

"Crossing the ferry from Brooklyn the next morning the Western man bumped into the self-same evangelist on the boat. As they neared the New York shore, a number of bells began to toll from various places nearby."

"Can you tell me, pray, who's dead, and whose bells are tolling?" asked the evangelist.

"I'm sure I don't know," replied the Westerner, "unless it should be Simon's wife's mother. I heard three times yesterday that she was sick of a fever."

## A GREAT DISCOVERY

Certain Ingredients that Really Promote Hair Growth When Properly Combined

Resorcin is one of the most effective germ destroyers ever discovered by science and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment, and also creates a clean, healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin, although not a coloring matter or dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp. These ingredients in proper combination, with alcohol added as a stimulant and for its well-defined nourishing properties perfect perhaps the most effective remedy that is known for scalp and hair troubles.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely valuable medicinal agents. We guarantee it to positively cure dandruff and to grow hair even though the scalp in spots is bare of hair. If there is any vitality left in the roots it will positively cure baldness or we will refund your money. If the scalp has a glazed shiny appearance, it's an indication that baldness is permanent but in other instances we believe baldness is curable.

We want every one troubled with scalp disease or loss of hair to try Rexall "93" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user we will without question or quibble return every cent paid us for it. We print this guarantee in every bottle. It has effected a positive cure in 93 per cent of cases where put to a practical test.

Rexall "93" Hair Tonic is entirely unlike and we think in every particular better than anything else we know of for the purpose for which it is prescribed. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Remember, you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store, Carroll's Drug Store, 623 Fallowfield avenue, Charleroi.

## Priests' Advice led to Their Recovery

Thin, weak or frail people—those who "take cold easily" and sufferers of Bronchitis and Asthma, should be prepared with Eckman's Alternative in the house. Remarkable cures of even Tuberculous (Consumptive) persons are often accomplished.   
"Gentlemen: On June 3, 1907, I was operated upon for Tubercular Peritonitis at St. Mary's Hospital, Rochester, N. Y. After the operation my physicians gave me up. I was then urged by a priest to take Eckman's Alternative, which I did. My weight at the time was 72 lbs. I began to improve and steadily gained in health and strength. I now weigh 125 lbs. and am absolutely cured."   
(Signed Affidavit) EDNA FINZER, 30 Savannah St., Rochester, N. Y.   
"Gentlemen: I was troubled with Asthma and Bronchitis for seventeen years. After trying many remedies Eckman's Alternative was recommended to me by our parish priest. I am now feeling fine. I cannot praise it enough."

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poison, opiate or habit-forming drugs. Takes Up Study of Philippine Islands--Other Social Events of Interest

An open meeting of the Women's Foreign Missionary society of the Washington Avenue Presbyterian church was held Thursday evening at the church. Mrs. Solomon Speers was the leader and the discussion of "The Philippine Islands and the Missionary Work Being Done There" was taken up. Talks were made by Mrs. J. A. Henderson, Miss Etta Work, Mrs. R. J. Whitehead and Miss Barr of the Chicago Mission. Solos were sung by Mrs. I. T. Daniel and Mrs. Kinder. A social session was enjoyed following the regular meeting in the Sunday school room of the church. Refreshments were served. Visiting members from other societies over the town were present.

William Booth entertained a few of his young friends last evening at the residence of his parents, Mr. and Mrs. H. J. Booth of Crest avenue in honor of his 15th birthday. Games and other diversions, among which was a taffy pull, furnished entertainment. All had a good time and left wishing their host many happy returns of the day.

A delightful birthday party was given little Miss Helen Hornell of 833 Meadow avenue Wednesday evening. The little guests were: Margaret Hayes, Margaret McMahon, Genevieve McMahon, Grace Anderson, Odell Powell, Florence Holt, Allen Byrne, Theodore McMahon, Wayne Ewing and Everett Hornell. The evening was spent in playing games of various kinds. Some selections on the piano were given by Allen Byrne. While Everett Hornell rendered a selection the children marched out to lunch at 8 o'clock. Having spent a delightful evening they departed at 9 wishing that she may have many more such birthdays.

A masquerade social was held by members of Iris Rebeckah Lodge at the home of Mrs. Frank Welch of Lookout avenue last evening. A good crowd was present and while some costumes were comic in appearance, others were pretty and attractive. The evening was spent in playing sociable games and a delicious lunch was served at 10 o'clock.

A reception will be given tonight at the Methodist Episcopal church for new members who have been received during the past year. All members of the church, their friends as well as all Methodists who are not members of Charleroi church are invited.

Retail Clerks Union, No. 507 after their regular meeting Thursday evening held a social session. Dancing was enjoyed. Refreshments were served. Music was furnished by Simcox's string band.

## Serge Dresses

We have just received a nice line of ladies' and misses' blue and black serge dresses nicely trimmed, they are

**\$8.50 and \$9.00 values**

but on account of an extra large order, we were able to get them to sell at the moderate price of

**\$6.00 and \$6.50**

Come in and see them, and you will want one.
